

ISTEP+ Three Ways To Meet The Academic Standard

IC 20-10.1-16-13

Sec. 13. (a) Beginning with the class of students who expect to graduate during the 1999-2000 school year, each student is required to meet:

- (1) the academic standards tested in the graduation examination; and
- (2) any additional requirements established by the governing body;
to be eligible to graduate.

(b) A student who does not meet the academic standards tested in the graduation examination shall be given the opportunity to be tested during each semester of each grade following the grade in which the student is initially tested until the student achieves a passing score.

(c) A student who does not achieve a passing score on the graduation examination may be eligible to graduate if all of the following occur:

- (1) The principal of the school the student attends certifies that the student will within one month of the student's scheduled graduation date successfully complete all components of the Core 40 curriculum as established by the board under IC 20-10.1-5.7-1.
- (2) The student otherwise satisfies all state and local graduation requirements.

(d) A student who does not achieve a passing score on the graduation examination and does not meet the requirements of subsection (c) may be eligible to graduate if the student does all of the following:

 - (B) be supported by documentation that the student has attained the academic standard in the subject area based upon:

- (i) tests other than the graduation examination; or
- (ii) classroom work.
